

Interest Only Finance

Interest Only Finance can be an attractive finance option for not-for-profit organisations that are able to purchase vehicles at Government pricing or equivalent. We offer this option only on a limited range of vehicle models that have a history of good resale values that are suitable for short-term changeover policies. Upon request, a wider range of models are available.

Flexibility

You may put the GST in as a deposit to reduce the monthly payments and interest payable, or alternatively, hold onto the GST to put towards the end of term payout.

Benefits

- Minimise short term cash outflow with small monthly payments
- Take advantage of short term market conditions to minimise depreciation costs in your fleet
- Choice of Chattel Mortgage or Commercial Hire Purchase (CHP) for finance type
- Choice of 9 or 12 month interest only contract

To obtain an Interest Only Finance quotation tailored for you, please complete our attached finance enquiry form. Alternatively, call our friendly finance consultants on 1300 132 700.
